

Dental Hygienist

Miskovich Dental Clinic in Grand Rapids, Minnesota, is seeking a Dental Hygienist to join our team and help us deliver an exceptional level of patient care and satisfaction. We're looking for someone who thrives in a team-based environment, values meaningful patient relationships, and is committed to clinical excellence.

Position Overview:

As a Dental Hygienist at Miskovich Dental Clinic, you'll play a key role in delivering exceptional patient care through routine cleanings, comprehensive assessments, and personalized education. You'll work closely with a dynamic team of dental professionals who value collaboration, communication, and clinical excellence.

We offer a friendly, growth-oriented workplace where patient comfort is always a top priority, and where you'll have the opportunity to build meaningful patient relationships while contributing to a supportive, team-based environment.

What We Offer

- Competitive pay aligned with experience and qualifications
- Health insurance to support your well-being
- 401(k) retirement plan with employer support
- Work-life balance in a positive, team-focused environment
- Paid time off
- Employee discount and for immediate family
- A modern state of the art practice
- Paid continuing education (with approval)
- Scrub allowance

Duties

- Conduct oral health assessments and screenings to evaluate patient needs and identify potential concerns.
- Maintain accurate patient records: Chart periodontal findings, treatment notes, and updates to medical history.
- Educate patients on proper oral hygiene techniques and preventive care to support long-term oral health
- Perform prophylaxis, scaling, root planning, and polishing as appropriate.
- Apply fluoride treatments and dental sealants as recommended
- Take dental x-rays following safety and compliance standards and ensure diagnostic-quality imaging.
- Administer local anesthetics under dentist supervision in accordance with state regulations
- Collaborate with dentists and dental team members to provide coordinated, comprehensive patient care
- Communicate effectively with patients, families, and team members to ensure a positive and informed experience
- Ensure infection control compliance: Sterilize instruments, maintain operatory cleanliness, and follow OSHA/CDC guidelines.

Requirements

- Valid Dental Hygienist license in Minnesota
- Strong interpersonal and communication skills to support positive patient interactions
- Detail-oriented mindset with a commitment to delivering high-quality patient care
